Very close to Haugesund town centre you will find unsolved nature. We take a hiking tour around Buaffjellet Mountain. A guide will explain how the terrain was created by glaciers. You will be told how the area has been used for thousands of years. You will get some knowledge about plants, insects and wildlife in this cultural landscape. The Vikings' use of wild sheep. Only for making a sail to a Viking ship it was needed wool from 280 sheeps. So maybe you understand how much the wild sheeps ment for this area, when the kings alone had more then 300 ships.

Day 1: Arrive Haugesund by bus, boat, airplane or car (trip organized by yourself or by us). Accomodation at the hotel in the centre. You can choose between first classes hotels or 3 stars hotels. We provide airport transfers.

Day 2: After breakfast at the hotel it will be transfer by bus up to the mountain. A guide will take you on the hiking tour around the mountain top. You will visit mountain farm and the wild sheeps. You will taste real viking meal. Coffee brewed on the fire and local dessert "Queen Maud" are included! It's possible to buy wild sheep skin here.

Day 3: Breakfast at the hotel. We recommend walking tour along Smedasundet (a guide can be provided). Remember to see a film about this region "The open country landscape" at Lille Maritim. (Contact us for more information about group reservations).
